LIEN ASSIGNMENT

I _____ (patient name) residing at _____ (address) hereby enter into the following agreement with **Pain Relief Center of Coral Springs** (medical provider), hereinafter known as "the provider" in order to guarantee payment for services rendered by "the provider" to me. I understand that I am directly and fully responsible to "the provider" for all medical bills for services rendered to me. I understand that I am directly and fully responsible to "the provider" for any remaining balance on all medical bills for services rendered to me that were submitted on my behalf to the responsible insurance carrier. This document further serves to acknowledge my responsibility to repay all remaining balances subsequent to all applicable insurance payments. I agree to make myself available to appear or correspond with "the provider" as often as may be necessary for any collections effort that is undertaken.

I agree to comply with all Insurance Company regulations including, but not limited to examinations under oath and independent medical examinations. I understand that any failure on my part to comply with any condition precedent to insurance coverage, may, at the election of the medical provider, serve to revoke any assignment of benefits.

The Provider agrees to seek compensation from the appropriate insurance carrier prior to invoking the terms of this lien based on the accuracy of the information the patient has provided. The patient shall provide all necessary insurance information, police reports, and any additional documentation or information deemed necessary by the provider for the submission of the aforementioned insurance claim as applicable. Failure to provide accurate insurance information leading to a viable source of coverage may serve to invalidate any executed assignment of benefits.

I hereby give and grant this lien on my case to "the provider" against any and all proceeds of any settlement, judgment, verdict, or other disposition of any litigation filed or contemplated on my behalf that may be paid to me OR MY ATTORNEY as a result of the injuries for which I have been treated. I grant "the provider" the aforesaid lien against such sums of the aforesaid settlement, judgment, verdict, or other disposition of any litigation filed or contemplated on my behalf as may be necessary to adequately reimburse "the provider" for services rendered to me and towards all outstanding balances. I hereby agree to provide accurate contact information for the attorney pursuing any litigation on my behalf.

I hereby **direct** and **authorize** direct payment to "the provider", such sums as may be due and owing for medical services rendered to me. I further direct my ATTORNEY to honor the aforesaid lien and to withhold such sums from any settlement, judgment, verdict, or other disposition of any litigation filed or contemplated on my behalf as may be necessary to adequately reimburse "the provider" for services rendered to me towards all outstanding balances.

I understand that this document may not be rescinded and that my ATTORNEY shall not honor any such rescission. I hereby instruct that in the event another ATTORNEY is substituted in my case, the new ATTORNEY honor this lien as inherent to the settlement, judgment, verdict, or other disposition of any litigation filed or contemplated on my behalf and enforceable upon the case as if it were executed by him/her. I hereby direct my attorney, on demand, to provide the status of such litigation to "the provider" or his attorney engaged in any collection efforts. Furthermore, I direct my attorney to contact "the provider" prior to disbursement of any funds to ascertain any outstanding balances due and owing to **Pain Relief Center of Coral Springs** (medical provider).

Informed Consent for Examination and Treatment

I (we) herby consent to the performance of examination and treatment on me or on _____, by the licensed doctors of chiropractic, medical doctors, and/or licensed physical therapists that may be employed by or engaged in practice in this clinic.

I have had an opportunity to discuss with the doctor(s) or other clinic personnel the nature and purpose of the different physical therapy procedures and chiropractic treatment (manipulation/adjustment). I understand that neither chiropractic nor medical treatment is an exact science and that my care may involve judgments to attempt to anticipate or explain risks and complications and an undesirable result does not necessarily indicate an error in judgment. No guarantee for results can be made or expected but rather I wish to rely on the doctor to choose and recommend a best course of treatment based upon facts known that is in my best interest.

I further understand that there are certain degrees of risk associated with chiropractic health care and physical therapy, which includes rarely, but not limited to fractures, disc injuries, strokes, and strain/sprains and am therefore willing to accept and consent to the risk associated with the care I am about to receive.

I have read, or the above information has been explained regarding consent. I have had an opportunity to ask questions about my examination and treatment. By signing below, I agree and intend this consent form to cover the procedures prescribed for my condition and for any future conditions for which I seek treatment.
